

VA Series

◆ Low Cost of Splicing

◎ Standard 16:9 panel can also precisely achieve FHD/4K/8K resolution just right, and with a 27" diagonal panel size it can become a perfect substitute for any existing 54" or 108" LCD screen.

◆ Convenient Front/Rear Installation and Maintenance

◎ The install procedure is as quick as block-building. It supports for both front and rear installation with a panel thickness of only 100mm. Additionally, module, power supply, receiving card, conversion card and cables between panels can all be maintained quickly from the front without professional skills.

◆ Intelligent System

◎ Calibration data retrieval function and worry-free parameter back-up function are both embedded in every smart module. Besides, power system, temperature and other working status are automatically monitored to achieve intelligent management.

◆ Less Is More

◎ Module, conversion card, and receiving card between panels are connected all through one connector of high stability. Thus, the panel presents a contracted and concise design style with no external cables.

> Specifications

Item	Model	VA1.8	VA1.5	VA1.2	VA0.9
Pixel configuration		SMD LED			
Pixel pitch(inch)		0.071	0.059	0.047	0.035
Pixel pitch(mm)		1.8	1.5	1.2	0.9
Pixel density(pixels/m ²)		284444	409600	640000	1137777
Panel size (inch)		23.6(W) × 13.3 (H) × 3.0 (D)			
Panel size(mm)		600 (W) × 337.5 (H) × 76 (D)			
Panel resolution(W×H)		320 × 180	384 × 216	480 × 270	640 × 360
Panel material		Die-casting aluminum			
Weight(kg/pcs)		8			
White balance brightness(nits)		600-800 adjustable			
*Max. power consumption(W/m ²)		690			790
*Avg. power consumption(W/m ²)		170			200
Serviceability		Front/Rear			
Viewing angle(deg.)		160(H)/160(V)			
Refresh rate(Hz)		1920/2880/3840			
Gray level(bit)		12/14/16			
Contrast ratio		8000:1			
Color temperature(K)		2000≤TC≤10000 adjustable			
Brightness adjustment		Programmable/auto/manual			
Color calibration		Brightness and chroma calibration			
Others		Communication-level power supply, hot double backup, temperature and humidity test, multi-signal input support, etc.
